

STOCKS CLOSE
A SHADE LOWER

Initial Dip in Prices Gives
Shorts a Chance to Even
Up on Contracts.

NOTE—All market news on
this page reflects closing sales
prices (unless by or bid be
specified) Saturday, Sept. 27,
1913.

New York, Sept. 27.—Stocks closed
irregular. Stocks held their ground
fairly well today, although the main
movement was downward. The initial
dip in prices gave shorts an opportunity
to even up on their contracts.
Over the week end, and covering was
the main factor in the recovery, which
proceeded until the market was back
on a parity with yesterday's close.
Reiteration of the time worn rumors
concerning Union Pacific and the con-
spicuous strength of the stock and
leading furnished added incentives to
cover. The backwardness of Steel ap-
parently was more influential than the
advance of Union Pacific and Reading
and the rise was hesitating and
slow. Just before the close the list
showed a gain of 1/2 point, and the
market gained two points.
